Dear Douglas,

## **Upper Cormonachan Paths Project**

Ardroy Outdoor Education Centre fully supports the proposal by the Cormonachan Woodlands Association to create Upper Cormonachan Paths.

As an Outdoor Education provider and a significant user of the woodlands, the paths will open up more of the woodland to be explored and enjoyed by the thousands of children and young people whom we take into the woods each year. It will enhance their experience and learning about the natural environment and in particular it will be of significant benefit to the John Muir courses that we run.

Ardroy Outdoor Education Centre recognises not only the significant benefit to the children and young people who visit us but also to the wider community through the development and implementation of this project and we look forward to supporting you as it develops.

Yours sincerely,
