**Cormonachan Woodlands Association**

I write in support of the Cormonachan Woodlands Association and their plans for further development to Cormonachan Community Woodlands.

The Cormonachan Woodlands Association have done an extraordinary job in transforming the Cormonachan area, which is now a fantastic outdoor attraction.

I understand the next phase of the project is to build a connecting path to the existing network, which will create a new circular walking route and will open up access to Cormonachan Waterfalls and Upper Cormonachan old village.

Cormonachan Woodlands Association have a consistent record of accomplishment and as a huge supporter, I am very confident of their continued success.

The proposed project can only bring great benefits to the local area, with a much-welcomed boost to tourism and increasing support for local businesses in Argyll and Bute. I am hugely supportive of all that the Association are trying to achieve with this new development and I therefore wholeheartedly support their proposals.

Yours sincerely,

A handwritten signature in black ink, appearing to read 'Brendan O'Hara'.
