To whom it may concern,

We have been running our bed and breakfast and self-catering apartment since 2019 – and the previous owners since 2006 – and our guests visit the area for many different reasons including cycling, fishing, wildlife, boating etc, but by far most come for walking holidays and to enjoy the stunning scenery.

There are quite a few walking tracks around here and the Cormonachan Woodlands walks are particularly popular as they are so beautiful and very well maintained and cared for by the dedicated Cormonachan Association and its volunteers. We even have some guests who visit purely to volunteer with the Cormonachan Association.

We think that extending the path network is an excellent idea. Especially when Carrick Estate and Forest Enterprise Scotland link the estate paths which will make the waterfalls and the old village more accessible to walkers and the whole community.

So we are fully in support of this worthwhile project to go ahead and it will be a great asset for the area.
